## Dispensers

Toilet rolls, like bars of soap, are easy targets for theft. Soap also has a habit of sliding into basins of water and melting away, while linen towels are an apparent luxury, but, if stolen, are expensive to replace and unsightly, not to mention unhygienic if not serviced regularly.

### Good economic sense

The incorporation of Global's lockable toilet tissue, hand towel and liquid soap dispensers in all washrooms is a definite move in the right direction. Single-issue dispensing reduces misuse and deters even the most determined pilferer.

Economical waste control using lockable security dispensers.
